

SUPPLEMENTS TAILORED TO YOUR BUSINESS

AT GREENPHARM OUR MISSION IS TO EMPOWER INDIVIDUALS TO LEAD HEALTHIER LIVES THROUGH INNOVATIVE AND SCIENCE-BACKED NUTRITIONAL PRODUCTS. WE BELIEVE THAT EVERYONE DESERVES ACCESS TO PREMIUM-QUALITY SUPPLEMENTS AND FUNCTIONAL FOODS THAT SUPPORT THEIR UNIQUE WELLNESS GOALS.

FAMILY BUSINESS

GreenPharm was founded as a private label nutrition company in 2016 to support our family business in health and beauty industry. We have 25 years of experience in this field, but we have been selling medical appliances for home care. In 2014, we started to offer collagen supplements together with these devices and we had excellent feedback. In the following years, we have added manufacturing of capsules and tablets to our portfolio and currently we can offer a variety of dietary supplements.

ABOUT PRODUCTION

With 6 manufacturing lines, we can develop and manufacture products for your brand quickly and reliably. Our team is ready to help you develop products based on your needs. The range of our products include: powders, capsules, tablets, softgels, gummies, liquids. All ingredients in GreenPharm products are manufactured to ISO-GMP standards, are EU approved, and come from the most reputable, leading manufacturers world-wide.

OUR SERVICES

PRIVATE LABEL

Private labeling offers a range of advantages, from agility in responding to market trends to cost-effectiveness for startups and faster delivery times. These benefits make private labeling a strategic option for companies looking to establish themselves in the market efficiently.

CONTRACT MANUFACTURING

Contract manufacturing provides a range of benefits, including a full-service approach, a professional image, the ability to create tailor-made products, cost savings, and access to expert advice. These advantages make contract manufacturing an attractive option for companies looking to optimize their manufacturing processes and focus on core business activities.
