DEAR PARTNERS AND CLIENTS,

We would like to inform you that we are planning to **relocate our manufacturing operations to new GreenPharm premises** in **April 2027**. The move will involve a **temporary suspension of production, which may affect delivery schedules for your products.**

If you need your goods delivered before the planned production suspension in April, **we recommend placing your orders ideally by the end of December 2026**. For orders received from January 2027 onwards, **we will no longer be able to guarantee delivery before the relocation.**

Please take this period into account when planning your orders and stock levels. If you are preparing new orders or planning a product launch, **please contact our sales team as soon as possible** so that we can discuss your requirements and delivery options.

Thank you for your understanding, trust and cooperation. **We look forward to the next chapter of our partnership in our new premises.**

Ing. Martin Guniš
CEO, GreenPharm
